

SAN FANTINO Limoncello

Ingredients: alcohol 95°, water, lemon zest, sugar

Alcohol by volume: 40°

Year: 2015

Production: 20 litres

Price: 17 euro for a 500 ml bottle

We pick giant lemons from trees by the sea. Peel the zest and infuse it in pure alcohol for a week. We then add a mix of water and sugar and bottle it.

Compared to what is available our Limoncello has less sugar and more alcohol to really bring out the lemon flavours.

Should be enjoyed frozen in very small quantities.
